

Las Vegas Pride Pageant Registration

The Historic First Las Vegas Pride Pageant will take place in the Wilson Complex at 1216 9th Street on Friday, April 26th from 7-10pm. This venue is open to the public, close to the Highlands campus, and has hosted events such as basketball games! We will have a 10' by 20' stage for our performers and a section in front of the stage cleared for performers to participate with the audience if they so choose. We will also have a section of seating reserved for performers, so you can watch the show too 😊

There are two types of entries: a participant who performs their selected number and a contestant who competes in creative wear/talent and interview. The creative wear/talent is a combination of performance while wearing your inspired ensemble, and we will ask a little about why you chose your outfit. We will have one "Miss America" question asked while the contestant is on stage and award the titles of King and Queen of Las Vegas Pride according to our judges panel. **We politely ask that you limit your performance to four minutes** and no cursing in the music please 😊 The performance can be anything you feel is representative of yourself—lip syncing, singing, dancing, spoken word, tumbling, any expression is welcomed!

You will have a space to prepare your dress and make up, complete with mirrors and seating, and it will be as close to the stage as possible. We have partitions to help manage the dressing space and ensure some privacy for performers. If you require specific accommodation, let us know ASAP so we can work on your request.

Also keep in mind this is an all-ages event and we anticipate an audience with a wide range of ages and experiences. We want this to be a supportive and positive environment for the youth in our community and to help support up-and-coming performers, experienced entertainers, and first time participants in drag.

Thank you so much for your interest in this historic event in Las Vegas, and we hope to keep this event as a permanent fixture in our community <3
